

CONSOLIDATED VERSION OF THE PUBLIC CALL

The Slovak Research and Development Agency (hereinafter referred to as the "agency" or "SRDA") in accordance with Act No. 172/2005 Coll. on the Organization of State Support for Research and Development and with the amendment of Act No. 575/2001 Coll. on Organization of the Government Activities and the Organization of the Central State Administration (hereinafter referred to as Act No. 172/2005 Coll. as amended), and in accordance with the Agreement between the Government of the Slovak Republic the Government of the Republic of Austria on Scientific and Technological Cooperation, signed on February 18th, 2004 in Vienna, and amended by the Memorandum with the Austrian Science Fund (FWF) signed on April 9th, 2026 in Vienna

o p e n s

Public Call for submitting applications for basic research projects (hereinafter referred to as "application") supporting cooperation between organizations in the Slovak Republic and the Austria pursuant to § 6 sect. 3 of Act No. 172/2005 Coll. as amended, designated as SK-AT RD 2026

Intentions and Objectives of the Public Call

The aim of the Public Call SK-AT RD 2026 is to provide basic research projects promoting cooperation between organisations in the Slovak Republic and the Austria in all fields of science and technology.

In the submitted project, the applicant shall indicate the field of science and technology the application falls into. Applications may be submitted by Slovak legal entities and Slovak natural persons - entrepreneurs without limitation of affiliation to the research and development sector.

Definition of Basic Terms

- **Basic research project** is a set of intentions, objectives, and planned time-bound research activities in the content-defined field of science and technology. The Basic Research project includes data on the personnel, material, instrumental, and financial conditions needed for its implementation.
- **Implementation of a Basic Research project** is to carry out planned activities and measures, and thus the realization of the project's intentions and objectives.
- **Applicant** is a Slovak legal entity or a Slovak natural person - an entrepreneur who holds a valid Certificate of Competence to carry out research and development under § 26a of Act No. 172/2005 Coll. as amended, and who is submitting an application for funds for implementation of the Project (hereinafter referred to as the application). The project for which the applicant requests funds comprise a part of the application.

CONSOLIDATED VERSION OF THE PUBLIC CALL

- **Recipient** is a Slovak legal entity or a Slovak natural person - an entrepreneur who holds a valid Certificate of competence to carry out research and development under § 26a of Act No. 172/2005 Coll. as amended, and which has been allocated funds from the state budget for the project implementation. The recipient is responsible for managing these funds.
- **Co-recipient** is a Slovak legal entity or a Slovak natural person – an entrepreneur who holds a valid Certificate of competence to carry out research and development under § 26a sect. Act No. 172/2005 Coll. as amended and is a co-investigating organization. Funds from the state budget are transferred to the co-recipient for the implementation of part of the Project based on a special Agreement on the Project Implementation. The list of co-recipients suggested is provided by the Applicant in the application. The range of activities carried out by the co-recipient is part of the Project.
- **Partner organisation** is an eligible scientific and research institution that submits a basic research project on the partner side, and which will implement the project in cooperation with the recipient.
- **Slovak legal entity** is a legal person established and exists under the Slovak legal order with the registered seat in the Slovak Republic.
- **Slovak natural person - entrepreneur** means an entrepreneur authorized to do business in the Slovak Republic in accordance with the legal order of the Slovak Republic with a place of business in the Slovak Republic.
- **Provider – SRDA** is an institution that decides on providing a state budget funds to support basic research to the applicant.
- **Principal Investigator** is a person responsible for the project implementation and for the effective use of the funds granted for its implementation.

Requirements for the Public Call

1. The projects may be of basic research as defined in § 2 sect. 2 of Act No. 172/2005 Coll. as amended. The project proposal cannot pursue multiple types of research at once.
2. The cooperating partners from the research organisations on both sides shall jointly develop content-identical projects.
3. Under § 18 sect. 2 and § 16 sect. 1 of Act No. 172/2005 Coll. as amended, an integral part of the application shall be the Declaration of Honour by the Applicant and Cooperative research organizations stating that they have a valid Certificate of Research and Development Competence. In case the applicant or/and co-investigators do not have the mentioned certificate, their application shall be refused.
4. Under § 18 sect. 2 point h) of Act No. 172/2005 Coll. as amended, the Agency requires a structured professional curriculum vitae of the Principal Investigator of the project as an integral part of the application.

CONSOLIDATED VERSION OF THE PUBLIC CALL

5. The Declaration on honour by the Principal Investigator (part RD-A4 of the application) stating that the information about the Principal Investigator is true is an integral part of the application.
6. **The part RD-F of the application must not exceed the maximum limit of 15 pages for the Obligatory scheme for basic research. Failure to comply with the maximum number of pages of the Project Intent - Obligatory Scheme at the time of submission will be grounds for the elimination of the application from the evaluation process.**

Specific Conditions for a Public Call

1. The total amount of funding allocated for the whole project period is **EUR 1 mil.**
2. The project funding is subject to the approval of the required amount of the state budget funds for the Agency within the state budget of the SR by the National Council of the Slovak Republic, and subsequently to their subdivision from the chapter of the Ministry of Education, Research, Development and Youth of the SR for the Agency.
3. The total amount of funds provided by the Agency per project is limited to a maximum of **EUR 200,000** for the whole project duration. The funds will be provided exclusively to the applicant with respect to the financial burden of achieving the Project objectives.
4. A one natural person may be a Principal Investigator in one submitted application under the Public Call SK-AT RD 2026 only. In case of submitting multiple applications with the same Principal Investigator, the Agency shall reject all such applications as non-eligible. A Principal Investigator may only be the person who is the Applicant's employee.
5. The research capacity of any researcher must not exceed 2,000 hours in total per year for implementation of all projects at the same time, regardless of the source of support granted, and/or the project funds provider.
6. The SK-AT RD 2026 Call sets a limit on the planned minimum annual research capacity of 300 hours for a nominal member of the research team and 500 hours for the Principal Investigator. In case a research team member participates in the project implementation only during a part of the calendar year, the planned maximum annual capacity is limited proportionally to the number of months of participation of the research team member in the project solution in the given calendar year.
7. The principal investigator must be registered at least in one of the listed scientific databases (WoS - Web of Science, Scopus, or ORCID) and have his unique identifier in one of these databases. This information shall be provided in the application. Failure to comply with this condition results in the rejection of the application. In case of WoS researcher ID it is recommended that the researcher profile is claimed and verified by the Principal Investigator. Only claimed and verified profile of the Principal Investigator is publicly available in WoS ensuring unrestricted access.
8. The applicants note that in relation to investigators they are required to comply with Regulation No. 679/2016 on the protection of natural persons about the processing of personal data and on the free movement of such data (General Data Protection

CONSOLIDATED VERSION OF THE PUBLIC CALL

Regulation) and the Act No. 18/2018 Coll. on personal data protection as amended. The applicants also note that within pre-contractual relations the processing of investigators' personal data by the Agency is necessary. In the case of concluding an Agreement on the provision of funds, to which the applicant will be a contracting party, the processing of investigators' personal data by the Agency is necessary for the fulfilment of this agreement. Based on the aforementioned legal basis, the Agency shall process investigators' personal data such as first name, last name, title, position, and date of birth for the purposes of their unambiguous identification.

9. In this Call, the Agency does not provide any capital funds for the procurement of tangible and intangible assets.
10. Eligible activities for the project implementation in respective cost items under § 17 sect. 1 of the Act No. 172/2005 Coll. As amended are specified in Annex No. 3 of the Consolidated Version of the Call.
11. Indirect costs associated with a project implementation financed by the Agency's funds shall not exceed 20% of the total costs of the project solution **provided** by the Agency in each financial year.
12. For non-business entities, the Agency may provide funding for basic, applied research and development up to 100% of the costs.
13. In case of business entities¹ and non-business entities that are considered to be enterprises/"business" as defined in Article 107 of the Treaty on the Functioning of the EU, the provision of funds by the Agency is governed by the research and development support framework of the Slovak Research and Development Agency (the State Aid scheme) as amended and supplemented ([Schéma SA.109803](#)).
14. The applicant - a non-business entity - may not provide any indirect state aid. No action is considered to be an indirect state aid - if for the co-recipient (business entities) at least one of the following conditions (according to para. 28 of the Framework for State Aid for Research, development and Innovation – 2014 / C 198/01) are fulfilled:
 - a) the participating enterprise shall bear the total costs of the given project, or
 - b) results of cooperation that do not give any rise to the creation of intellectual property rights may be widely disseminated, and any intellectual property rights resulting from the activities of the recipient's research organization shall be fully allocated to the recipient; or
 - c) any intellectual property rights resulting from a project as well as the relevant access rights are allocated to the participating enterprise in a manner that adequately reflects its work packages, contributions, and relevant interests; or
 - d) the research organization/recipient receives, the intellectual property rights resulting from its activities and has been transferred to the participating enterprise or to which the participating enterprise has obtained the access rights, a compensation corresponding to the market price. Absolute amount of any financial or non-financial contribution of the participating enterprise to the costs associated with the activities of the research organization/recipient resulting in the respective intellectual property

¹ See § 2 sect. 1, 2 of Act No. 513/1991 Coll. for details

rights, may be deducted from this compensation.

15. The Principal Investigator of any project funded by the Agency, which received an "insufficient level of project implementation" after completing the project implementation of the Public Call, cannot be the principal investigator in any application submitted within the Agency's Public Call for the given year and for a further 3 calendar years from the year in which the final project assessment report was delivered by the Agency to the recipient and the Principal Investigator. Non-fulfilment of the condition results in the refusal of application.
16. If the funding agreement was terminated by the SRDA by withdrawal, termination, or the decision to suspend project funding because of the recipient's breach of obligations set under the agreement, the principal investigator of such project cannot be the principal investigator in any applications submitted within the Agency's Public Calls for a given year and for a further period of 3 calendar years from the date of such termination, withdrawal or decision on suspending the project funding. Non-fulfilment of the condition results in the refusal of application.
17. The Agency reserves the right to amend the public Call SK-AT RD 2026 based on the decision made by the Presidium of the SRDA only. If these changes will be made, the SRDA will announce their content, reasons and impact on applicants on their website.
18. The Agency reserves the right to conduct an internal check of the originality of projects as part of the evaluation of applications in order to determine whether the same project has been supported.

CONSOLIDATED VERSION OF THE PUBLIC CALL

Submission of Applications

The term for submitting the applications runs from the date of announcement of the Call from 13 July 2026 to 13 October 2026.

Applications shall be submitted electronically only through the electronic application system available on the Agency's website www.apvv.sk. The electronic application system will be closed on **13 October 2026 at 12.00 (noon)**. The Agency does not guarantee the successful submission of the electronic forms via the electronic application system in case of the system overloading or sending an electronic version of the application in the last hours before closing the system. In this case, the applicant assumes full responsibility for such unsuccessful submission of the electronic version of the application.

Only the required sections of application generated by the system listed in Annex No. 1 of the Consolidated Version of the Public Call shall be submitted in paper form. The applicant is obliged to deliver the required sections of the application **by 13 October 2026** at the latest to the Agency address:

Slovak Research and Development Agency

Mýtna 23,
P.O.BOX 14,
810 05 Bratislava.

The deadline for submitting applications shall be deemed to have been observed if the required parts of application are dispatched to the Agency's address on the last day of the deadline that is **13 October 2026**. Applications submitted after the deadline shall be rejected.

The Agency will only include those applications in the evaluation process that simultaneously meet all three of the following criteria:

- a) Application is submitted through an electronic application system;
- b) Application must be submitted and subsequently assessed simultaneously on both the Slovak and the partner's side. On the Slovak side, the Slovak applicant applies to the Agency, and a partner organization submits the Application according to the instructions of the organization that opens the Call in the partner country;
- c) **The maximum length of the Part RD-F of the Application (Obligatory Scheme), submitted through the application system is 15 pages for Basic Research;**
- d) Application meets all the conditions of the Public Call SK-AT RD 2026.

The Agency will send the applicant a notification of the application's registration no later than 14 days after receiving the application, to the email address of the Principal Investigator listed in the application and to the email address of the project administrator (the user who created the application) listed in the SRDA information system.

CONSOLIDATED VERSION OF THE PUBLIC CALL
